Dear Armin

I've hired a couple people to start working on the offramp Lexington and Van Ness to bag up the trash, I'm also in contact with CHP helping us get rid of the encampments at the exits.

Furniture company has offered us 10%, bodyshop 40% of their trash if there's anyway you guys can come up with an idea for a rolloff at a staging point

I can provide a parking lot We also working on getting the surveillance information from the park at Lexington and Van Ness we have a lot of activity going on in there

I had a meeting with Capt. Cory Palka we will be working together with his patrol Captain getting that area cleaned up as well we are working diligently to bring back the quality of life at that location any help you guys can provide would be awesome.

Charles:

you are doing an amazing job in East Hollywood! My team is working diligently with the LAPD, Sanitation, the community, and the HOPE teams on a constant basis. Anyone who is interested in getting involved or informed of our efforts only needs to contact Aram (added here) or Marisol at the office to discuss.

Thank you & keep up the great work. We are so appreciative of your selflessness. It is make our city better!

Hi Charles,

Thank you for following up on this. I contacted with DOT last week and they have reported it to their emergency repair division. I don't have an exact date, but it will be replaced soon.

Best,

Hi Charles,

Thank you for the offer but unfortunately neither our office, nor a private citizen, can legally install a STOP sign on the public right-of-way. This is within LADOT's jurisdiction so they will have to be the ones to handle the installation.
